CONCENTRATION ROUTE :

The six starting cities are :

Lisbon
Glasgow,
Copenhagen
Barcelona
Bad Homburg
Reims.

This 20th edition of Rallye Monte-Carlo Historique already is a huge success : 330 crews will start between Wednesday and Friday, ready to reach the Principality of Monaco on Saturday evening.

They will all meet for the first time in **Saint-André-les-Alpes, on Saturday, from 10:55 am onwards, and then Regularity Zone 1 (Entrevaux-Entrevaux) is scheduled from 12:10 to 17:39.** The crews will then rally Monaco and stop their car in the « Parc Fermé » of **Port Hercule de Monaco.**

GLASGOW START :

Welcome to Glasgow ! A mix of sophistication and simplicity, the biggest city in Scotland is always on the move. Its Victorian architecture and its musical scene are among the best in the United Kingdom. Its museums, artistic and industrial heritage, as well as the famous works of architect and designer Charles Rennie Mackintosh, are everywhere in the city. **Nine crews will start from Glasgow on Wednesday at 6 pm,** ready to cover 2,092 km in order to reach the **Principality of Monaco.**

LISBON START:

Beautiful weather, easy life, dream beaches...

Portugal's capital city is one of the favorite destinations of aesthetes. Lisbon was built on seven hills dominating the Tago river, which flows into the Atlantic Ocean. Its strategic location explains why it was the preferred starting point for numerous maritime expeditions in the 15th and 16th centuries. It is now the starting point for the 20th edition of Rallye Monte-Carlo Historique, with 12 crews of gentlemen (and women) scheduled to start their engine at 7 pm this Wednesday for a 2,212 km journey to the Principality of Monaco.

Among them a SEAT 124 Gr4 Replica which will be driven, as in 1977, by Salvador Canellas and Daniel Ferrater. Let them enjoy the race !
