1. OGIER / INGRASSIA

« To win with [@MSportLtd](#) at the 1st race after 1 month of preparation is amazing! Thank you so much to the team, you deserve this victory. »

2. TANAK / JARVEOJA

« You know, it was tough work. Until today we did everything... I have to go... »

3. EVANS / BARRITT

« This was rallying at its cruelest - our snow tyres were in the boot and not in the car! We were like Bambi on ice. Tricky. Okay, on Friday I didn't think the rally would be as good as this - so much was new. Everything has come together so, so quickly. »

5. NEUVILLE / GILSOUL

« I pushed very hard on those tricky conditions. Hopefully it's a good time. »

6. SORDO / MARTI

« That stage was unbelievable. It was a dreadful rally for me but I'm pleased to take some important points for Hyundai. »

8. LEFEBVRE / MOREAU

« Really difficult with the soft tyre. It was very slippery at the finish. After the Col it was horrible. It was a difficult week for us, okay one fastest time this morning, but for this rally it was more important to take experience of the car. »

10. LATVALA / ANTTILA

« It's amazing. First time on a rally and to finish second is amazing. I'm really grateful to the team. They have done a fantastic effort and really deserve it. And I'm in a rally car made in Finland too! »

11. HANNINEN / LINDSTROM

« It was really tricky, I had snow tyres but in some places it was icy, and it was hard to see where exactly. Not an easy stage if you need to push. A lot of positives to take from the rally. The team has done some great work. »

12. BREEN / MARTIN

« That was unbelievable. So slippery I could barely get stopped at the stop line, horrific conditions. It's been quite a good weekend. We've done some really good speed when the conditions were tricky. Bring on Sweden! »
