20. FOURMAUX-CORIA

« I was struggling to find the right feeling in the car. It was cold in the stage so it was not easy. But after, in the second and third stages I could push a bit more and our times are not that bad actually. Not perfect, but we are getting there. »

21. ROSSEL-DUNAND

« It was okay. Nothing to report! We don't want to make any mistake this afternoon and we won't get carried away. »

22. LEFEBVRE-MALFOY

« We are struggling. We don't have the right setups at the moment so we are slipping quite a lot. I lack confidence in the grip and we are destroying the tires, it's frustrating. Without service parc today, we'll have to keep these setups for the whole day. »

24. GRYAZIN-ALEKSANDOROV

« So far so go, no issue. We are not taking risks in the cuts to avoid any puncture. We will continue like this until the end of the day. »

25. MUNSTER-LOUKA

« It was okay, much trickier stages than yesterday in my point of view. The last stage was very quick and technical at the end. Lots of gravel and cuts, today is different. »

26. BULACIA-CORONADO

« The morning loop was good, without mistakes, we were on the safe side and we are trying some new things in the setups, which are working. We need to continue like this and we are enjoying the day. »

27. CAIS-TĚŠÍNSKÝ

« I'm not so used to these white roads so I was a bit slow in the first stage but then it felt pretty good so I could push more and the times were not so bad and I'm getting used to this car. »

28. INGRAM-DREW

« Very difficult day. I lost my confidence and I'm a bit scared to damage the car so I need to work on getting some confidence back. »

29. JOHNSTON-KIHURANI

« I'm doing all right. I've had better days on the Monte-Carlo, we had electrical issues this morning, we had to synchronise the car in the middle of the stage and we still didn't resolve it. We had to switch from road to stage mode a couple of times and then it came back. We lost a whole bunch of time in there. Then after we had a few small issues with the notes. And the last stage was crazy, so fast, it's absolutely bonkers and on the way down it was ridiculously dirty. There is so much. Excitement but no much enjoyment. »

31. MCERLEAN-ROWAN

32. CREIGHTON-REGAN

« The stages were good, the first one... It's hard to tell if there was frost or salt on the road but some section were very slippery. After that we were more cautious until the end. We picked up a puncture in the second stage and dropped quite a bit of time, but we are still going. »

34. LÓPEZ-ROZADA

« It was a good morning, we had a great feeling since the start so we are quite happy at the moment. We just need to find the lacking tenths to fight for stage wins but we are on the podium at the moment.. »

35. CACHÓN-LÓPEZ

« Not so good in the second stage of the morning, we had a puncture so we lost a lot of time. The last stage was difficult, I don't have the right feeling in the car so it's about brining the car to the service park. »

36. MIELE-BELTRAME

« Better today, we are knowing the car better now. I changes a few setups and it was better. François remains uncatchable so I'll get some experience with the car now but I'm really happy. The stages are amazing but a bit to quick for me. »

37. DELECOUR-DE CASTELLI

« It's a bit dangerous because it's so fast. We are flying on the jumps, we are not used to theses conditions in Monte-Carlo. The morning was great. »

38. BURRI-LEVRATTI

« It's hard to get motivated in this kind of stages. You need to be in the fight for the win to push. You can easily get outrun in here. We should not have crashed yesterday. »

39. KEFERBÖCK-MINOR

« Stages are quite good. The pace is good, we are not taking risk. Mauro Miele is too fast for us and behind they are far now so we'll be cautious and we'll make sure to enjoy the rally. »

40. BONTEMPELLI-PINA

« All good. We are coming back slowly in the classification. We want to keep our feet on the ground. »

41. ALONSO-PEREZ

« It's okay. I'm happy to be here at the Monte but yesterday I had a mechanical problem. »

42. BOLAND-MJ

« We're good. The stages are perfect since there are no snow or ice. It's almost too quick today. At the moment it's impossible to stay in the classification of the super or master rally, but it's okay. »

44. ROSATI-MARCHETTO

« Good day! The first stage was tensed there was some frost but now it's dry and the roads are amazing. »

45. PATERA-TIRABOSCHI

« Let's keep it easy, I want to finish the day. We have already had 1000 problems since Thursday so I just want to see the port of Monaco. Seven stages to go, it's still long! »

46. NIBOLI-BRUNETTI

« First loop over. We are happy. This morning we had a moment when I put the wheels in the snow. We were afraid to have a puncture but fortunately there was nothing. The objective is to finish the rally. »

47. MARCHINO-OMETTO

« We are good, the stages are great but dirty. There are many fans which is fun and we are having fun. It was very cold this morning. A magnificent rally, thank you to the ACM for that. »

48. ARENGI-BOSI

« We are recovering from a mechanical failure yesterday, we broke the transmission on the 7th stage so now we are way behind. We are having a good day, we are enjoying and having good times. »

49. MERLI-ZORTEA

« The loop was long but we are having fun and we are learning as well because it's difficult. But the car is good, the team as well, they are helping me a lot. It was better with harder tires on, I felt better. »

50. VOSSEN-HULZEBOS

« I'm very well, I just finished a fantastic stage which was also very demanding but we had perfect pace notes and we enjoyed it very much. Maybe I should have taken the softs instead of the supersofts. »

51. HIRSCHI-VOLLUZ

Retired in SS9 – car on fire

52. GAMBA-GONELLA

« Today is a nice day but long and difficult as well, especially the last stage. It's really quick. We are trying to keep our position in the ranking and we are happy. »

53. GINO-MICHI

« The stage is quite difficult, especially the last one, it was very bumpy and speedy. It was tricky and I think it will only getting trickier, considering the night will come. »

54. BAFFOUN-QUARTINI

« The first one was like hell since Hirschi's car burnt and I was a bit shoked since I already experienced that myself. I hope they are both well. It was hard to get back to it. We still had fun in the second one thanks to our setups changes. And in the last one, we hadn't seen it well in the recce and it's really fast. There was a lot of pollution. I was a bit too cautious but I'm a bit stressed since we'll do it later again but in the dark. »

55. DESANGLES-THÉRON

56. ALBERTINI-CHIAPPE

« Okay, roads are dirty, so we don't take risk and try to have fun. The last one will be tough tonight. We'll do our best to be in Monaco tonight. »

57. PISTACHI-AUTHIER

« Beautiful! I was a bit tired this morning and I'm also a bit old now. It was fantastic then but tonight will not be the same, we'll have to keep our eyes open. »

58. HAUT-LABOURDETTE-TARDITO

« We started with old tires on, those we had on Thursday night. It was okay, but unfortunately we were stuck in the first stage because of a car on fire. We could push in Malijai and for a first loop it was pretty okay. The last one was quick and it's tough in my opinion and it will get worse tonight. It will be the real slog of the rally. »

59. RIBERI-HAUT-LABORDETTE

« The uphill section of the first stage was very slippery this morning. We were a bit afraid but for the rest we could push more. The cuts are really dirty so I didn't take any risk. The times were not so great but okay. We had fun in the last stage, there are many spectators so it's great to see. »

60. TANJI-MALET

« Malijai was great, we were not so bad and in the third it was very dirty so we were probably a bit too cautious. Let's see tonight, it may get even dirtier. »

61. LÁSZLÓ-ZSIROS

« First race with this car, it's a beautiful event but also very difficult. The roads are dirty and very slippery. 1,5 day to go! »

63. FRAU-MARQUEZ

Retired in SS11 - accident

64. ROYÈRE-DINI

« Very slippery because it's very dirty. And it was only the first loop. At some point I even thought I had a puncture. »

65. FONTALBA-HERMET

« Mixed feeling, we had hoped for better. Now it's all about having fun in these fast stages There are also a few traps. »

66. FERRARO-CORNEGLIO

« First one was cancelled, the second one I was still asleep and the last one was okay but we spun 1km away from the end of the stage. It's dirty but fun. »

67. PANAGIOTIS-GODDI

« It was impressive to see the car burn. It shocked us a bit. Malijai was really fun, the best one since the start of the rally. In the last, I hit something at the start so I was afraid to have got a puncture, but then no. We could push. »

68. IRLACHER-IRLACHER

70. DAL ZOTTO-DUBREUIL

« First Monte and it's tough. It's dirty. The last one was very technical. We have nothing to lose or to win so we are just having fun and there are still a few nice stages to go. The second loop will probably be more complicated »

71. BAUGÉ-BLANC

« Not a bad morning, even if it's difficult. We are really behind the leader who is flying at the moment. We are still fighting for the podium and in the last one I used my joker for the week-end, we spun and I lost about 30 seconds. A great reminder that what we want is to finish the rally. »

72. MALLARD-MAREST-CECCALDI

77. MARAZZATO-SOMMARIVA

« All good. It's amazing. I'm happy to be here. »

78. ROSSI-MARTINI

« Diffcult, we can't find our pace and now we are far behind. This is motorsport!. »

79. MICHELLIER-RICHARD

« So far so good. There is a lot of pollution and you really need to keep your eyes wild open. »

80. AYMARD-AYMARD

« All good, bone dry but we have fun. We know we won't win the rally so we want to reach the end. »

81. PALMERO-PASTORINO

« We pushed since the start of the morning. We were 31 seconds behind and now we are only 7 seconds behind. We managed this pretty well. »

83. VIALLE-GHIRARDELLO

« The liaison is too long, we drove too many km for nothing, probably because of the cancellation of the Col de Fontbelle. It's really a pain in the ass and useless. The third stage is amazingly fast, even too fast. »

84. RESSEGAIRE-MICHELO

« We are having fun, it's trickier and dirtier than yesterday. You'll pay for every mistake you'll make. We are still pushing but we are cautious at the same time. »
