

## 25<sup>th</sup> Rallye Monte-Carlo Historique (January 24-February 1, 2023)

### So long « Fontbelle », the Classification Leg amended...

Contrary to what was planned when the initial route was announced, last July, the Organizing Committee at Automobile Club de Monaco (ACM) has had to cut the Classification Leg short of one Regularity Stage.

Following a decision by Conseil Departmental (District Council) of the Alpes-de-Haute-Provence not to allow drivers to race on **Regularity Stage N°3** between **Le Castellard-Mélan** and **Sisteron** through col de Fontbelle, during the winter season, for safety reasons, this stage has been cancelled on the program for **Saturday January 28, 2023** and will not be replaced...

**Stage lengths and timings are indicative until the Official Route is published.**
