20. ROSSEL-DUNAND

« All good. We are not pushing enough yet, we will try to improve this afternoon. »

21. GRYAZIN-ALEKSANDROV

« Good, much stable. Just the conditions are a bit tricky but we are under control. Yeah, for sure we are always much more confident in the second part. »

24. CIAMIN-ROCHE

« A great morning for us ; the two first stages were quite complicated. The last one was much better, dryer. With Solberg's retirement, we won two positions. »

27. LEFEBVRE-MALFOY

« We're still looking for our marks on the car, we are trying several different adjustments each time but I still can't find what suits me. It's not that obvious. That's the way it is... Let's say that from the beginning of the rally, we do not have the car we would expect for, even though it performs well. »

28. BOUFFIER-VAUCLARE

« The resumption isn't easy, there's still a lot of work. The fact that we retired yesterday led us to drive carefully today. Great stage, the car is performing, we are trying to push here and there. We enjoyed. »

29. SOLANS-SANJUAN

« We were struggling a bit this morning. Also, with the new car we are trying different set ups, but it seems we are not confident enough at the moment. »

30. MAURO-PÉREZ

« Another day, not the last but it's OK. Once again, we are not happy but it is too difficult for me; I'm not confident with the car. I can't drive like I wish I could. »

32. MIELE-BELTRAME

« This morning, the first stage was quite complicated. The following ones were quite dirty and fast but everything went well. We are climbing in the standings. All good. »

34. DAPRÀ-GUGLIELMETTI

« Good morning. We didn't want to take any risk in the first stage as it was very slippery; there was some ice. We just passed through the stage. Very happy with the second stage because we spun and only lost 10 to 15 seconds. »

35. BURRI-LEVRATTI

« We didn't take too much risks in the first stage. Then, I pushed a little bit more but the road was really dirty. »

37. LAURENCICH-MLAKAR

« The first stage was very dirty and there were some ice patches. We were a bit too slow. We did better in the second one, even though it was also dirty in the second half and finally in the third one, we got more confident and we could enjoy it. »

38. LOCATELLI-TIRABOSCHI

« Today was quite good. On the snow and ice, it keeps being less easy, it's the first time we're driving with these conditions. »

39. BOLAND-MJ

« Very good. The first stage was very tricky, slippery, and icy. But the other two were perfect. »

40. SERDERIDIS-MICLOTTE

« We got off to a good start on the first stage, we took back ten seconds from Boland but unfortunately, in the second stage, we didn't have the best setups in the muddy zones and I am not fully confident, so we lost a lot of time here. In the third stage, we got off to a good start as well, but we spun in a hairpin with a lot of gravel. We were stuck in fifth gear, so we lost again a few seconds. »

41. MORATO-BOSI

« A very good day, we hope to get to the end of it. Congratulations to the team and the organization. »

43. CHIARANI-ZANELLA

« The first stage was difficult this morning, then in the second one, we spun. The last stage of the morning was the most entertaining one. The loop was very dirty and we have to be very careful in some parts. »

44. MARCHINO-OMETTO

« The stages are very beautiful. The first one was very tricky, we saw a lot of people on the stages. The weather is great but we have to be cautious because there are many rocks in the cuts. »

45. VOSSEN-VISSENBERG

« All the stages were very nice, slippery, a bit dangerous but that's what it's like in Monte-Carlo. »
