

MEDIA ZONE MONACO : WRC2-WRC3 - END DAY 4

Date :	28.01.2024		
Day :	4	Flash N° :	29

22. SOLBERG-EDMONDSON

« This race was very difficult. Big challenge for sure but I think Friday was not so bad, getting into the race a bit better. On the contrary, yesterday was obviously a big disaster and today no feelings. Tough weekend for sure. »

23. PAJARI-MÄLKÖNEN

« A lot of learning; learning here was one of the main things for us to finish to get all the experience with the car. This was not our point scoring race; Sweden will be my first rally this year to score points. Obviously, Monte-Carlo was more about discovering the car. I am very happy we finished the rally without any major issue and we had a couple of really nice stages. »

24. CIAMIN-ROCHE

« Here we are, we got to the end, and in Monte-Carlo that's almost a victory, or at least a good thing, because it's a complicated rally. I think we're in the best position we could have hoped for; we've got to be happy about that. »

25. LÓPEZ-VÁZQUEZ

« Very happy with our performance during the rally, during the whole race. I think the rally is very risky in Monte-Carlo but in the end the victory wasn't possible. Congrats to Rossel! »

27. LEFEBVRE-MALFOY

« It wasn't easy, but we are finally on the way to find the right settings on the car and we were always looking to improve it, to find out where we could work. This weekend was a real discovery for us, we learnt a lot. We don't have much assistance on this rally; a tiny one at lunchtime, but nothing that can revolutionise the car. In the end, it wasn't too bad. We found the directions we needed to work in, and that was the most important thing. »

28. BOUFFIER-VAUCLARE

« It started as a bad day, but we managed to get going again. We had a lot of fun, the car is really great, the team did a good job; we can only take positives from it. »

30. MAURO-PÉREZ

« Last day was difficult but we ended it, we are P9. I was still too scared to push but I learnt a lot. The goal was to arrive to the end and we did it. I'm not so happy but it's ok. The Turini was nice but we had a problem, I couldn't hear the co-driver and so I couldn't push. I'll do better next year. »

32. MIELE-BELTRAME

« In short, everything went well and I can't complain. As in 2022, I won my class. It was a complicated rally, so we had to make no mistakes right to the end. I didn't take too many risks and everything went well. »

34. DAPRÀ-GUGLIELMETTI

« We are happy with our race. Yesterday we had a problem with the alternator so we retired but before that we were 17th on the general. We proved a lot and that's the most important thing; it was our first race with this car. »

35. BURRI-LEVRATTI

« It's a long day when there's not much at stake. Happy to have arrived at the port. Out of 26 entries we reached the finish line 22 times. »

37. LAURENCICH-MLAKAR

« We're delighted to have finished the rally and reached Monaco. For us, it's a great joy to have been able to take part and come out of it in one piece. »

38. LOCATELLI-TIRABOSCHI

« Today we didn't push because we had a problem yesterday on the last stage. But the Turini was good, it was more our style. Very happy to have arrived. »

39. BOLAND-MJ

« We had no problems, pretty much ok. Today was perfect, this morning a bit tricky but fine. »

40. SERDERIDIS-MICLOTTE

« Happy to be at the finish. We've got a good overall result. Maybe we could have done better, but that's the way it is. We made good progress throughout the rally, so overall we can be satisfied. »

41. MORATO-BOSI

« Very nice first time, great emotions, a beautiful rally and perfect organisation; looking forward to coming back next year. »

43. CHIARANI-ZANELLA

« Everything went well and we can see the end of it. A magnificent and difficult rally, but we're at the finish with a smile on our faces. »

44. MARCHINO-OMETTO

« We're happy, it's great. It was very difficult, lots of days, lots of kilometers, lots of things to do, but it's great. »

46. ČERNÝ-KRAJČA

« Very cool last three stages. The first one we pushed, more cautious in the second one because there was some ice and the third one was perfect. »
