Date :	25.01.2024		
Day :	1	Flash N° :	4

### 24. CIAMIN-ROCHE

« Nothing particular to say. The second special was quite complicated but we are here and the rally is still long. »

### 27. LEFEBVRE-MALFOY

« There is a lot of pollution on the road, which has become really dirty and slippery. The conditions are getting more though and it will be even harder for the drivers that will be coming after us. We made no mistake and took no risk. »

### 31. WARTIQUE-ANDERNACK

DNF SS2

### 32. MIELE-BELTRAME

« This first day was so good. We are struggling because we can't see but there is nothing we can do about it and I was quite slow. »

### 35. BURRI-LEVRATTI

« We can't wait to go to sleep. It was good but the second stage was quite slippery, with a lot of dirt. That one was truly a Monte stage, with the pyro and the atmosphere from the fans. This is crazy and we'll cherish those memories for a long time. So beautiful to see fireworks when you are an amateur driver. »

### 37. LAURENCICH-MLAKAR

« The first two stages were not so easy. We need to change a few set up for tomorrow to see if we can attack a bit more and get some pace. »

### 38. LOCATELLI-TIRABOSCHI

« It was okay. I'm happy because it's my first Rallye Monte-Carlo. The stages are really difficult and there is a lot of dirt. We could push and we are satisfied with that. Let's do this again tomorrow. »

### 43. CHIARANI-ZANELLA

« Difficult rally, very dirty but still very entertaining. »
